BSE TTE Exam The textbook I would recommend for a good introduction to echo and for passing the exam is: Making Sense of Echocardiography by Andrew Haughton Just the right amount of detail to not be overwhelming yet still comprehensive. The exam course I recommend is the Midlands ECHO exam prep course. Brilliant.

Echocardiography has come a long way since the first echocardiogram by Swedish physician Inge Edler in 1953. Today, echocardiography is a complex and multi-faceted science where entire textbooks are needed to cover only a subtopic. This daunting mass of knowledge can be overwhelming to someone who's only just taking their first steps into the world of echocardiography.
