Buick vehicles are designed and built to resist corrosion. All body and sheet metal components are warranted against rust-through corrosion for 6 years/100,000 miles †Application of additional rust-inhibiting materials is neither necessary nor required under the Sheet Metal Coverage.

### Buick Protection Plans Frequently Asked Questions | Buick ...

The A/C comes on to dry the air so you don't 'fog' the inside while you're trying to 'defrost' the outside. But the A/C can only bring the air temperature down to just above freezing (else the evaporator could freeze up), so if it's already that cold out, which is usually the case when defrosting is needed, it won't run.

### Windshield Defrost Function | Buick Forums
