### Teacher Guide Chapter 16 Answer Key - School Specialty

The first law of thermodynamics governs changes in the state function we have called internal energy (E). According to Section 15.3, changes in the internal energy ( $\Delta E$ ) are closely related to changes in the enthalpy ( $\Delta H$ ), which is a measure of the heat flow between a system and its surroundings at constant pressure. You also learned in Chapter 15 that the enthalpy change for a chemical ...
