In his book City Life: Urban Expectations in a New World, Witold Rybczynski examines the changing nature of American cities. He begins by describing a visit to Paris in 1992, noting the beauty and prosperity of the city and realizing that it had changed little since he visited the city thirty years earlier. When he returns to North America, he realizes how much the American cities have changed in the past thirty years.

To eschew the ideals of urban living and measuring distances in walking or biking miles. But what can be equally as difficult is shedding the expectations of suburbia when living in the an urban space. It is unnecessary and almost prohibitively expensive to have a suburban lifestyle in the middle of a city.

The Yesler Swamp is prettier than it sounds (other less-than-lyrical names for this area: the Montlake Fill and University Slough). There was once a sawmill here, but now it's a boardwalk overlooking lily pads, with more wildlife than city life; more than 200 different birds have been recorded in this tiny urban oasis.
