Culture Of Honor: The Psychology Of Violence In The South ...

The “culture of honor” places utmost importance on the ability to respond to social insults and economic challenges. According to Nisbett and Cohen, in a “culture of honor,” a reputation for strength and toughness held great economic value (xv). Nisbett and Cohen identify three other major explanations for increased Southern violence, including higher temperatures, the tradition of slavery, and greater poverty.

Culture of Honor

“Culture of honor” is a label scientists from various disciplines (psychology, anthropology, sociology) use for cultures in which the concept of honor governs everyday behavior. These cultures can be found in the Mediterranean area (Spain, Turkey, Syria, Egypt), the Arabic peninsula, Central Asia (Afghanistan, India), the South of the United States, and in gang life (Horowitz and Schwartz

Another important feature of self-insight is recognizing when you've made an error and accordingly apologizing for it. Regrettably, in cultures of honor and shame, apologies are viewed as shame...

The Pathologies of Cultures of Honor and Shame ...

The traditional culture of the Southern United States has been called a "culture of honor", that is, a culture where people avoid intentionally offending others, and maintain a reputation for not accepting improper conduct by others. A theory as to why the American South had or may have this culture is an assumed regional belief in retribution to enforce one's rights and deter predation against one's family, home and possessions. The concept was tested by social scientists Richard Nisbett ...
