Steyns Dark Traces is a powerful police procedural set in South Africa. Often, a crime thriller set in a foreign locale can be an awkward read because of translation issues, because of cultural differences, etc. but, here, Steyn offers a novel that is not just easy to read, but which is altogether impossible to put down.

Greatness will come by looking forward - untethered from the politics of the past and anchored by our shared values - and by changing our nation's future. Change is the law of life. And those who look only to the past or present are certain to miss the future. The only difference between the saint and the sinner is that every saint has a past ...
