ENERGIZE RESEARCH READING AND WRITING by Christopher Lehman I picked up this books because it was written by Chris Lehman, a staff developer at TCRWP. I also gobble up much of what I find published by Heinemann. I selected this title because I was looking to help students move beyond copy and pasting information on...

Energize Research Reading and Writing by Christopher ...

In Energize Research Reading and Writing, Christopher Lehman aims to challenge our learners (and our teachers) to think with higher levels of complexity and avoid being "spoon fed" through the research process. Lehman provides teachers working with students in grades 4 through 8 with tips and strategies for making research reading and writing applicable and motivating to our students.

Top shelves for Energize Research Reading and Writing

In fact, research has shown that reading is key to boosting our own mental capacity and creativity. Neuroscientists at Emory University found that reading a novel improves brain function. They detected what may be biological traces, actual changes in the brain that linger, at least for a few days, after reading a novel.
