two or more family members, and one observer. After the role-plays, have the groups come together to discuss their experiences. First have the clients share what came up for them, then the therapists, and then ask for the comments from the observers.

TOOLS AND TECHNIQUES FOR FAMILY THERAPY

Family Questions is a fun activity that's great for breaking the ice in family therapy. Each family member will answer a question about themselves, and then guess how other family members will answer. As the activity progresses, the questions become more in-depth. This is excellent for building rapport, spotting shared values, and highlighting concerns within the family.
