An individual's health cannot be separated from their natural and human environment and wellness needs to include prevention of ecological disasters. Adams' book "Gesundheit" is an excellent summary of how today's high-tech medicine has become too costly, dehumanized, mistrustful and grim and gives us a vision of what good health care could be.

The Center and Clinic will enable Gesundheit! to see patients and teach health care design. Adams urges medical students to develop compassionate connections with their patients. His prescription for this kind of care relies on humor and play, which he sees as essential to physical and emotional health. Ultimately, Adams wants the Gesundheit!
