It provides principles and concepts of health economics rather and limited research methods, use of attribution, footnotes and references.

Health Economics and Financing 5th edition (9781118184905 ...

Compared to a previous text I've read, I find Getzen's Health Economics and Financing a much better read and introduction to health economics. Personally, I am much more interested in the actual practice of medicine and health-related studies or work than in the "office work" so I tend to get a little bored by books about economics, finance, accounting, and so on.

Health Economics and Financing by Thomas E. Getzen

Health Economics and Financing serves as the perfect primer for the economic analysis of medical markets. It prepares students of medicine, public health, policy and administration who wish to engage the central economic issues of their field—without extensive mathematics or highly technical analytical techniques.
