15 reviews of Fix Your Board "I was told about Fix Your Board by a local appliance dealer. I had a Whirlpool double oven that had a bad control board. An appliance repair company came out and quoted \$600 to fix and the local repair wanted \$450 just for the board. I removed the board and shipped it regular mail. On day 3 if received a call from Max and he said was ready.

After light use for 5 years my GIGABYTE GA-Z97X-UD5H motherboard powered on, but didn't load anything (no bios, nothing from startup) so no option to flash in the hopes to repair. I contacted Gigabyte support and they ran me through some basic root cause testing. I've been a software engineer building my own machines for 25 years.
