is very easy to operate. The upstream and downstream filters included in the package can also be equipped with optional filter monitors for differential pressure monitoring.

Desiccant dryers DKC series - Hankison: Home

HMW series desiccant dryers use

Download File PDF Hankison Desiccant Dryer Manual

electrical heaters inside of the desiccant bed for regeneration of the saturated desiccant. The direct contact of the finned heater tubes with the desiccant bed makes most efficient use of the regeneration energy. A small part of the compressed air flow of only 2.2% removes the moisture and cools down the desiccant.
