accidents happen.

Nigeria's underdeveloped insurance industry - TechCabal

Reduced overall claims expense is the third and final method by which an insurance company can generate a profit. Notably, of the three factors, managing claims expense is the only factor that is considerably within the control of the insurance company.

Inside an Insurance Company: How They Work and What Drives ...

Issues the insurance industry might face: Physical supply chains are less significant for insurers than companies in other industries. But insurers depend on a wide range of third parties to deliver services, and their operations could be tested as the crisis wears on. Third-party service providers are key to many insurers' operating plans:
