Java Software Solutions, 8th Edition 7 torrent download ...

This project was created as a response to the transition from .torrent to Magnet URI's on many Torrent sites. Many people have the same setup as I do, where .torrent files are saved in a shared folder on a server, so that the Torrent Client automatically starts the download. This application includes a client and a server, coded in Java. The server application, listens, on the configured port for, Magnet URIs to be sendt from the client.
