### Detailed A320 Cockpit Guide (FSX - Aerosoft A320)

It still has the older style where it either opens out of the fuselage or under the wings (Under the wings for the A320) just like the A300, and A310. The 737-100/200 and other 737's and even the 707 had integrated landing lights in the wing. I heard of something about the prototype A320 having different wings including integrated landing lights.

More about FlightDeck. FlightDeck A32x was developed over a period of some years by a group of active Airbus pilots in order to provide a useful training tool for other Airbus fellow pilots.. The goal was to have an individual procedure trainer (IPT) right on the personal laptop or PC. Learning to handle the Airbus A320 and the complex systems should be fun - we believe in "game learning" and ...
