Wikisource: Online library of user-submitted and maintained content. While you won't technically find free books on this site, at the time of this writing, over 200,000 pieces of content are available to read.

**Love Drugged James Klise**  
Love Drugged started off with a very interesting premise - What if there was a pill that could turn gay people straight? - but was almost immediately derailed by unrealistic dialogue, one predictable subplot (the coffee shop) and one completely unbelievable subplot (the ritalin thing...seriously?), and a ridiculous climax and ending that seemed to have been air-lifted in from a Young James Bond novel.

**Love Drugged by James Klise - Goodreads**  
Love Drugged started off with a very interesting premise - What if there was a pill that could turn gay people straight? - but was almost immediately derailed by unrealistic dialogue, one predictable subplot (the coffee shop) and one completely unbelievable subplot (the ritalin thing...seriously?), and a ridiculous climax and ending that seemed to have been air-lifted in from a Young James Bond novel.

**James klise**  
James Klise is the author of Love Drugged, a novel about a closeted gay teenager who discovers an experimental drug that he hopes will change him.

**About (Biography) - James Klise**  
Told with equal doses of humor and suspense, Love Drugged explores the consequences of a life constructed almost entirely of lies . . . especially the lies we tell ourselves. Review: I love LGBT literature, but Love Drugged doesn't seem to completley fit that category. Don't get me wrong...yes, Jamie is gay and yes, he is dealing with his own coming out story (in a very unique way, might I add you)...but I'd classify this as more pre-LGBT.
