1964 volvo 544s b18 sports model. this is a nice daily driver or for week-end cruising. this had a low line restoration about 15 years ago and looks really nice. during the restoration it was painted to the original color, mechanical work was done, chrome and interior was done, seats were upholstered and new perforated headliner put in ...

1964 VOLVO PV544 B18 SPORTS MODEL - Classic 1964 Volvo 544 B18

This B18 is a 1.8 litres (1,778 cc) automobile Inline-four engine produced by Volvo from 1961 through 1968. The cam-in-block engine had overhead valves (OHV) operated by pushrods. The crankshaft rode in five main bearings, making the B18 quite different in design from its predecessor, the three-bearing B16.

Volvo P1800 Documentation main page

Volvo has used 3 types of engines for the Volvo 444/445: the B4B, B14A and B16. The B4B has been used from 1947 till 1955, the B14A was used from 1955 untill 1957 and the B16-engine was used from 1957 till 1961. The B18 (with 12V electrical system instead of 6V) was used since 1961 untill the Duett went out of production in 1969.

Specifications PV - Volvotips

Some have suggested that the B18 was developed from the B36 V8 engine used in Volvo trucks, but differences between the engines cause others to dispute that origin. The B18 furnished the P1800 with a strong engine boasting five main crankshaft bearings. The B18 was matched with the new and more robust M40 manual gearbox through 1963.
