A map showing the physical features of South America. The Andes mountain range dominates South America's landscape. As the world's longest mountain range, the Andes stretch from the northern part of the continent, where they begin in Venezuela and Colombia, to the southern tip of Chile and Argentina. South America is also home to the Atacama Desert, the driest desert in the world.

At one time Peru was the homeland of several prominent Andean civilizations, with the Incas certainly the most notable. The incredible Incas built astonishing mountain temples, palaces and other buildings, all with no mortar; they constructed almost 10,000 miles of roads, engineered functional bridges and built aqueducts to transport their water.

The earliest use of lidar for archaeological purposes in South and Central America was almost serendipitous. In response to the devastation caused by Hurricane Mitch in Honduras in 1998, the Bureau of Economic Geology at the University of Texas used its then-new Optech ALTM 1225 airborne lidar in 2000 to derive accurate topographic maps that the United States Geological Survey (USGS) could ...

South-up map orientation is the orientation of a map with south up, or at the top of the map, amounting to a 180-degree rotation of the map from the standard convention of north-up. Maps in this orientation are sometimes called upside down maps or reversed maps.. Other maps with non-standard orientation include T and O maps, polar maps, and Dymaxion maps

### South America | Part 1 | Journey Across Continents Through Mapping (UPSC CSE/IAS 2020/2021 Hindi)

South America is a continent in the Western Hemisphere, mostly in the Southern Hemisphere, with a relatively small portion in the Northern Hemisphere. It may also be considered a subcontinent of the Americas, or America, which is how it is viewed in Spanish and Portuguese-speaking regions of the Americas. The reference to South America instead of other regions (like Latin America or the ...

**Mapping South America by Paul Rockett (Paperback, 2017 ...**

About South America. South America is the fourth largest continent, the southern of the two continents of the Western Hemisphere. It is divided politically into 12 independent countries— Argentina, Bolivia, Brazil, Chile, Colombia, Ecuador, Guyana, Paraguay, Peru, Suriname, Uruguay and Venezuela —and the overseas department of French Guiana .
