Markets over Mao: The Rise of Private Business in China

Markets over Mao: The Rise of Private Business in China A common view holds that economic reforms in China stalled or even were reversed during the past decade—an impression reinforced perhaps by the Third Plenum of the Chinese Communist Party, which convened in November 2013 and resulted in an official call for more market-oriented policies.

Markets Over Mao: The Rise of Private Business in China ...

Markets over Mao is primarily a work of intense research, rather than a book prone to claims and assertions. In this respect, this book can be recommended to those who would like a more scholarly understanding of China's economy. The real gem of the book is the final chapter, Implementing the reform agenda.
