They alter a river's ecosystem from one that's cold, flowing and connected, to one that's warm, stagnant and fragmented - with devastating consequences for wildlife. Dams are one of the main reasons freshwater fish numbers are plummeting - the world has lost 80% of freshwater populations since 1970.

Ron Goodwin was born on 17th February 1925 in Plymouth. He was the son of a London policeman who was detached to the harbour-town. His mother felt that piano lessons would be a good pastime, so in his fifth year, the little Ron was hoisted onto a piano-stool and his education on this instrument began.
