From understanding to defining sepsis. As already mentioned, the former understanding of sepsis as a hyper-inflammatory response to infection, often accompanied by a fast “cytokine storm” 11, was the basis for former sepsis definitions: the US critical care specialist Roger Bone organized a consensus conference in 1992 and suggested that the sepsis definition include the aspect of host ...

### Recent advances in understanding and managing sepsis

This new sepsis “hour-1 bundle,” based on the 2016 guidelines, should be introduced to emergency department, floor, and ICU staff as the next iteration of ever-improving tools in the care of patients with sepsis and septic shock as we all work to lessen the global burden of sepsis.
