By Leo Babauta "It's about the habits and the doing, not the system or the tools." In order to capture the essentials of being productive & organized, while keeping things as simple as possible, I've developed my own productivity system: Zen To Done (ZTD). ZTD captures the essential spirit of the new system: that of simplicity, of a focus on doing, in the here and now, instead of on ...

On nice days (like today) I sincerely think that life is very simple: we only make it complicated. I think there is only one internal force that drives all human activity; it is the search for safety. This was developed during the evolution of all lifeforms and thus also in humans. We can see it has been a very useful drive if look at how successful humans have been in controlling the world ...
