Tacit Dimension Michael Polanyi

The book "The Tacit Dimension" by Michael Polanyi has some interesting insights to offer. But then to get those insights, one has to plod through the content that is presented in a pedantic, long-winded style. At the end of it, one gets the feeling that one has tacitly understood it all but just could not put it in exact words.

I originally dove into this work hoping it would better unfold Polanyi's concept of tacit knowing or tacit knowledge. But I think, in the end, his Tacit Dimension is essentially a place where tacit knowing forms the foundation for human growth and expansion of knowledge. Polanyi seems to have a slightly meandering strategy to his organization, and about halfway through he really zeros in on what he perceives as a malformed concept of evolution.
