When you want to remote start your vehicle, simply press the button on the remote. As long as no-one has opened the door since you exited, the car will start. If the door was opened, the car will not start. This is a safety feature to ensure that no one has gotten in the vehicle and put it back in gear.

### **Can I get a Remote Car Starter on A Manual Transmission?**

4. The remote start activates and runs for the set duration. The system remains remote started unless shut down by pressing the button on the remote. 5. Once the remote start shuts down, the vehicle will start every three hours for a maximum of six cycles or until timer mode is canceled by turning on the ignition or activating any of the shut-
