Care work—the in-person, direct services that keep people safe, healthy, and educated—has always been the underpinning of the rest of the economy. Child care allows parents to hold down jobs.

America Never Valued Care Workers. Then a Pandemic Hit ...

Relatives sometimes take on child care duties, or children are cared for in a variety of child care settings. Not surprisingly, working mothers are more likely to have their infants and toddlers in an out-of-the-home child care center than nonemployed mothers. However, most three- to five-year-olds are in center-based or preschool programs ...

The change in work life in American life is dramatic. And it's disruptive. You may have to move, it takes time to learn the new job, the new people, the new territory, the new politics. This kind of insecurity is now rampant--most people under forty have a resume with many two- or three- year positions. And when you get over forty, it's precarious.
